

TRAINING

IN-HOUSE-TRAINING

A TRAINING MADE-TO-MEASURE –
WE COME OVER TO YOU!

No travel expenses for your co workers.
We are going to train them at your site on your system.

Trained personnel enhance the impression
of your car park to your customers!

GROUP OF PARTICIPANTS

- Operators, staff from technical or administration departments. At least one and up to ten participants.

REQUIREMENTS

- Already collected experience is positive but not explicit required.

WHEN DOES AN IN-HOUSE-TRAINING MAKE SENSE?

- An IN-HOUSE-Training will be more cost attractive when having more than 3 personnel need to be trained. For less than 3 participants we recommend to take part on a regular training in Kiel.

INVESTMENT

- EUR 795.- per day.
- Costs for training hand outs are included, not so for traveling and additional costs for board and lodging.

REQUIREMENTS

TO THE TRAINING ROOM

- Data projector with a resolution of at least 1024x768 pixel.
- Whiteboard or even a flip chart (where the screen of the data projector and the board are positioned in a way that the participants can see them in paraleel).
- A computer with a network connection to the PM ABACUS network, or even access for trainers laptop.

CONTENTS OF THIS TRAINING

- The topics of an INDIVIDUAL-Training will be defined in front of the training. They can be according to our regular trainings or even individual.
