**SHOPPING CENTER CAPS**

The perfect software solution  
for your parking business.

# SHOPPING CENTER

Shopping Center CAPS, the new customised business software solution from DESIGNA. Devised to meet the needs of your sector, it includes the specific software features that are required in your area of activity. Scaling up is easy when, for example, you wish to expand your range of services or optimise your workflow. Shopping Center CAPS is available in three different feature levels. The choice is yours.

## CAPS SHOPPING CENTER PRO

- **Ticket Tracking**  
Detailed ticket information helps avoiding manual gate openings.
- **Debit Card (Value Card) Balance**  
Transparency of debit card values for end-of-year reports.
- **Park Check Report (also for MCU)**  
Cost center capability and flexible analysis possibilities.
- **MPS/APS-Shift Report**  
Detailed cashflow reporting per individual paystation.
- **Season Parker Report**  
Enables revision of Season Parker usage to easily identify misuse.
- **Value Check Processing (Chaser)**  
Possibility to deal with chaser tickets (vouchers) value-based by having individual reports for used ones.
- **Time Check Processing (Chaser)**  
Possibility to deal with chaser tickets (vouchers) time-based by having individual reports for used ones.

## CAPS SHOPPING CENTER PRIME

- **Software License / Multi-Slip Mode / Software Escrow**  
Accepts more notes than only one per payment.
- **Fast exit and TCU-processing**  
Increase of throughput.
- **Charging Station Release**  
eCharging pole management.
- **Loyalty Cards**  
Easy to embed existing loyalty cards – or even to create some. Using cost centre idea to address lost revenue.
- **ADAC Car Park Occupancy Transfer**  
Show car park occupancy online – like embedded in web pages.
- **QR-Code Discount / Tariff Switching**
- **Value Cards (Timebased)**
- **Availability Report**

## CAPS SHOPPING CENTER PREMIUM

- **Staff Mobility Badge (Congress Ticket PLUS)**  
Security: No need to provide with a 24/7 permission, reduced risk of misuse, reduced risk of sharing cards. Comfort: Self prolonging.
- **Promotional Codes**  
Digital parking permission – sending out e-mails with parking permission instead of coding tickets and hand these over. Less handlings costs, maximum range.
- **Cash and Tickets' Inventory Report**  
A must have! Make your service most efficient due to precise analytics where and what to care.
- **Couponing**  
Tool to enhance customer loyalty.
- **Web Validation Manager incl. Report**  
Flexible location instead of having a fixed installed unit.
- **"Sum per day", "max. Trips per day" incl. Reports**  
Avoid other business parties to benefit from your car park.
- **DESIGNA eCademy**  
Well informed employees are able to make the most out of your system. Online Training Platform speeds up even new employees due to available tutorials (how to deal with consumables).
